

Introduction and Portfolio *of* 30 Differently-Abled Fashion Models *of* WWAD 2022-2023

The 30 Finalists of WWAD 2022 have been carefully selected from across the country in a very competitive environment. Through the portfolios we have created for these future-fashion-models, we hope that corporates, fashion designers, fashion photographers, fashion houses and filmmakers will notice their profiles to promote their brands and advertisements and will bring these talented youth in the mainstream of the society and help them to showcase their talent and style beyond their disability.
